ITALIAN STATE POLICE

ENJOY
YOUR
PASSION ...

... FTX results from the passion for mountain, from the idea to live it differently, in a fulfilling and healthy way. An easy, safe and cheap way to enjoy nature from inside it. Our snowshoes are totally conceived, designed and produced in Italy by a team of engineers, physicians and sport coaches who love outdoor sports.

FTX has created a series of highly technical products that are easy to use and will enable you to enjoy new great experiences. FTX will accompany you along the path of your passions.
